Fly Tipping Penalties

Cheshire East Council has announced that it is increasing penalties for fly-tipping and littering, with fixed penalty notices of up to £5,000 for the most serious fly-tipping offences.

These revised penalty levels send a clear message that fly-tipping and littering will not be tolerated in Cheshire East.

Residents are encouraged to dispose of waste responsibly, use licensed waste carriers and report incidents of fly-tipping to the council.

For more information about fly-tipping and littering, including how to report offences, visit Cheshire East Councils website and navigate to: Home / Waste and Recycling / Street Cleansing, litter and flytipping.

First Aid Bleed Kit

As part of the Parish Council's commitment to making the community a safe place to live and to add support for the emergency services, we are in the process of installing a bleed kit and cabinet to sit aside the community defibrillator.

This will be located outside the Combermere Arms. This should be in place within the next few weeks.
